

Computing

Subject: Computing
 Year group: 5/6
 Cycle: B Spring
 Focus:
 Creating Media
 Web page Creation

Intent

At Hady Primary School, the children have access to an engaging and inspiring computing curriculum that equips pupils with the essential skill of computational thinking. Children are provided with the opportunity to develop their creativity through the use of a wide range of programs and applications that make deep links with mathematics, science and design and technology. At Hady, children immerse themselves into the world of computer science through first hand use of chrome books, iPads and interactive whiteboards.

Specific Knowledge	
Key Vocabulary	
Word	Definition
Copyright	Copyright protects your work and stops others from using it without your permis-
HTML	A standardised language used to define the structure of web pages
Hyperlink	Text or media that when clicked, takes the user to another specified location (URL)
Navigation Path	the way that pages are linked together
Web Page	A HTML document viewed using a web browser
Website	A collection of interlinked web pages, stored under a single domain

- ### Enabling Knowledge
- To review an existing website and consider its structure
 - To plan the features of a web page
 - To consider the ownership and use of images (copyright)
 - To recognise the need to preview pages
 - To outline the need for a navigation path
 - To recognise the implications of linking to content owned by other people

How do previous questions/topics link to the current topic?

Familiarity with the implications of linking to other people’s work online is needed, and an understanding of the terms ‘fair use’ and ‘copyright’ is important.

Learners are to be competent with using a search engine
